Lo bordamos

The municipality of Lorca is the second largest one in Spain with a total land area of 1.675,2km². It is located in the south-western extreme corner of the Region of Murcia. The city of Lorca, settled on the valley of the Guadalentín River and placed in the route between Levante and Andalucía, has been a meeting point for centuries.

Lorca is a natural and cultural heritage. It is, ultimately, a complete palette of monumental, environmental and museum sites that the visitor will discover either from the Visitor Centre in the Old Convent of La Merced or the Tourist Office located in the monumental Plaza de España.

Visiting Lorca is first hand living, feeling and discovering an amazing and attractive territory.
